SUBJECT: ADDING OPERABLE UNIT 20 TO MARINE CORPS BASE (MCB)
CAMP LEJEUNE

Dear Mr. Lown:

This letter is to document a decision made through the partnering process to remove Site 86 from Operable Unit (OU) 6 and create a new OU20 to MCB Camp Lejeune list of CERCLA Operable Units. The purpose of moving Site 86 from OU6 is to prevent the delay of a Final Record of Decision for OU6. Unlike the other sites in OU6, Site 86 monitoring data showed increasing levels of TCE in downgradient intermediate wells. Therefore, Site 86 requires further investigation, which we are conducting.

If you should have any questions, please feel free to call me at (757) 322-8422.

Sincerely,

KIRK A. STEVENS
Remedial Program Manager
